# CESAR KYLE CASIL

Santa Clara, CA 95054 • 408.999.9999 • email@gmail.com• LinkedIn • GitHub

## OBJECTIVE

Computer Science major seeking full time, part time, or internship position where I can expand on my technical skills while contributing towards companies' vision.

## EDUCATION

**Coding Dojo, Silicon Valley**                                                                            Jan 2018 - Apr 2018

  Full Stack Developer Program centered around Python, iOS, and MEAN stack development

**University of California, Santa Cruz**                                                              Sept 2012 - Jun 2016

  Earned 173 credits towards B.S. Computer Science degree

## EXPERIENCE

**MissionU, San Francisco, CA**                                                                          Mar 2017 - May 2017
*Research Intern*

- Developed roadshow plan for brand launch
- Created 4 research documents to find how many and what data analyst jobs are expected in the future
- Created 4 excel spreadsheets filled with subject matter experts, employer partner leads, and various professors to gain input on MissionU's curriculum for the data analyst program

**Garcon LLC, Santa Clara, CA**                                                                          Sept 2016 – Dec 2016
*Android Development Intern*

- Developed Garcon's Android application during its second iteration and first release
  - Updated the UI and cleaned up deprecated code

## SKILLS

| Programming Languages | Frameworks and Libraries | Software | Other Skills |
